

Setting the Standard for Wear!

R & H WELD-ON MULCHER PARTS

R & H Chrome Alloy mulcher parts help your machine operate at peak capacity. Our inserts promote longer life while maintaining smooth, well-mixed soils. The Chrome Alloy leading edge keeps its length as the softer steel behind wears away, which minimizes compaction, and uses less horsepower. Longer life also results in less frequent parts replacement and reduced down time. We have available complete blades or replacement inserts to rebuild worn or new standard mulcher blades.

R & H helps make mole hills out of mountains!!!

RH MULCHER BLADE ASSEMBLIES

RH 435 SERIES MULCHER BLADE

To fit: Button Willow or Johnson Mulcher

Length: 5-1/4"
Thickness: 3/8" except where noted
Width: varies with hole spacing

Description:

Constructed of a High Chrome Alloy insert (RH 430 or RH 431) welded onto a mild steel backing.

Variations:

- RH 435:**
9/16" holes with 1-1/2" spacing
- RH 435-31:**
9/16" holes with 1-1/2" spacing 1/4" thick
- RH 435BW-2:**
9/16" holes with 1" spacing
- RH 435BW-2 - 7/16:**
7/16" holes with 1" spacing
- RH 435BW-3:**
9/16" holes with 1-3/4" spacing
- RH 435J:**
9/16" holes with 1-1/4" spacing

INSERTS

RH 430 WELD-ON 3/8" MULCHER INSERT

Length: 4-7/16"
Thickness: 3/8"

RH 431 WELD-ON 1/4" MULCHER INSERT

Length: 4-7/16"
Thickness: 1/4"

RH MULCHER BLADE INSERTS

RH 430 BW WELD-ON MULCHER INSERT

To fit: Button Willow straight blade

Length: 3-1/2"
Height: 3-5/8"
Width: 1/2"
Thickness: 7/16"

RH 430 BWM WELD-ON MULCHER INSERT

- MODIFIED

To fit: Button Willow straight blade

Length: 3-9/16"
Height: 3-9/16"
Thickness: 7/16"

RH 430 BW LEFT or RIGHT

WELD-ON MULCHER INSERT

To fit: Button Willow left or right curved blade

RH 430 BW-L

Length: 3-1/2"
Height: 3-5/8"
Width: 1/2"
Thickness: 7/16"

RH 430 BW-R

RH 430 BWM LEFT or RIGHT

WELD-ON MULCHER INSERT - MODIFIED

To fit: Button Willow left or right curved blade

RH 430 BWM-L

Length: 3-9/16"
Height: 3-9/16"
Thickness: 7/16"

RH 430 BWM-R

RH 430 C WELD-ON CURVED MULCHER INSERT

Length: 3-1/2"
Width: 1/2"
Thickness: 3/8"

RH 438 WELD-ON CURVED MULCHER INSERT

To fit: One-hole, curved mulcher blade

Length: 4-3/4"
Amount of curve: 2"
Width: 2-1/2"
Thickness: 3/8"

RH 436 WELD-ON MULCHER INSERT

Length (sides):

Front (curved): 3-3/4"

Back (point of bottom to rear point of top): 4-1/8"

Width (bottom): 3-1/2"

Thickness: 1/2"

RH 434 WELD-ON MULCHER CAP

To fit: Rau Power-Till

Length: 3-3/4"
Width: 1-1/2"
Thickness: 1/2"

RH 433 LEFT or RIGHT WELD-ON MULCHER CAP

To fit: Rau Power-Till

RH 433 R

Length: 4-3/4"
Width: 2-3/4"
Thickness: 3/4"

RH 433 L

RH 429 ROTARY PLOW BLADE

To fit: Berta

Length: 4-1/4"

Width: 1-1/2"

Thickness: 1/4"

Holes: 5/16"

Spacing: 13/16"

NOTE: RH 429 blade is made of steel with a 1" section of Chrome Alloy welded onto each end.

RH COMPOSTING PARTS

RH 427 WELD-ON COMPOST CAP

Outside:

Height: 2-1/2"

Width: 3"

Inside:

Height: 2"

Width: 2-1/2"

Thickness: 5/8"

RH 933 COMPOST TIP

Length: 6"

Width: 3-1/4"

Thickness: 1-1/2"

Holes: 1/2", hex countersunk

Hole spacing: 3"

RH 932 LEFT or RIGHT COMPOST TURNER

MANGANESE

RH 932 L

Length: 11-3/4"

Width: 4"

Thickness: 3/4"

Holes: 3/4"

Hole spacing: 2"

RH 932 R
